XXVII SYMPOSIUM of the INTERNATIONAL SOCIETY of DERMATOPATHOLOGY

IV Meeting of the Iberian and Latin American Society of Dermatopathology

XXXII Annual Meeting of the Spanish Dermatopathology Group

November 9th - 11th, 2006, Málaga, Spain

Dear Friends and Colleagues:

It gives me great pleasure to invite you to come and participate in the Dermatopathological Symposium to be held in Málaga, Spain on November 9th, 10th and 11th, 2006. In this congress, we have managed to bring together three of the most significant dermatopathological meetings of the day: the XXVII Symposium of the International Society of Dermatopathology, the IV Meeting of the Iberian and Latin American Society of Dermatopathology and the XXXII Annual Meeting of the Spanish Dermatopathology Group.

The conference will be held in Málaga, a Spanish city, the capital of the "Costa del Sol" and a renowned tourist area surrounded by more than 50 golf courses among other leisure activities. We decided to hold the meeting in a luxury hotel in order to have sufficient and appropriately-equipped spaces necessary for a high quality congress.

We present you with the Preliminary Program which we hope will be interesting for dermatologists, pathologists and doctors in general, regardless of their experience in the field or lack thereof. We will take advantage of the audiovisual equipment in the conference rooms to realize interactive sessions.

In conclusion, in name of the International Society of Dermatopathology, the Iberian and Latin American Society of Dermatopathology and the Spanish Group of Dermatopathology, I invite you to come, participate and enjoy a few days in Málaga, where we will be able to share many hours with the latest and greatest experts in Dermatopathology.

Looking forward to seeing you,

Enrique Herrera
